# Company profile

Dongguan Chiheng Hardware Co., Ltd, established in 2009. Its predecessor was a CNC machine part manufactory with 5,000 square meters platform . We have total more than 100 sets of key machines, such as: CNC machining centers, engraving and drilling machine, lathe and milling machine, line cutting machine, etc. After more than ten years' development, we are now able to make repeated positioning accuracy within tolerance +/- 0.005mm.

To meet the challenges of e-commerce era, our company established brand "Maibin" in 2020, which is specializing in research, development, production and sales of 3C finished products and other hardware accessories, our main products including: laptop stand series, mobile phone holder series, spinner gyroscope series, Air fresher series, sport helmet Series, etc.

With the advantages of the factory, we can provide OEM and ODM service. What's more, we have a strong R&D team, constantly develop new products, and always prepare large in stock for customers to test our quality and service.

Welcome to Chiheng Hardware at any time ! Tks!
